

Mridul Bhatia and Kartik from **KIIT World School, Pitampura** bagged the third position in model making on Earth 2050. The students went to the President's house for the final presentation and award ceremony. President of India, Pranab Mukherjee and Delhi CM, Arvind Kejriwal appreciated their model. The students also got the opportunity to share their vision of 2050 for making earth a better place to live in using green alternatives and innovative techniques in the field of agriculture, space and auto mobile industries.
