

**A CELEBRATION  
OF EARTH DAY  
WITH PEEPAL  
BABA:  
NEW ENERGIES  
AND GROWTH  
COME ALIVE ON  
THE CAMPUS IN  
APRIL.**

## From the Principal's Desk: New Beginnings

Dear KIIT community,

Earth Day and the start of the academic year come together in April, with our commitment to renew ourselves and the planet we call home. Baisakhi, Earth Day and the excitement of going into the next Grade all mark new beginnings.

First of all, congratulations to all students and their proud families for a successful academic session 2022-2023. Our students and teachers have come together to achieve the development milestones of every child. The CBSE Board results for 2023-2024 too reflect our exceptional academic performance:

- The school's high stands at **98.8%** (best of four) in Grade XII and **97.8%** in Grade X.
- Approximately one in every four students has scored **over 90%** in both Grade XII and Grade X. Every child of Grade XII has received scores above 60%.
- Our teachers aim that every individual in a class should excel and we are steadily moving towards that goal. In certain subjects, **A1 & A2** grades have been awarded to four of every five students.

To each student, including our new admissions and the graduates from Happy Hours who entered Grade VI, welcome to a new cycle of learning and growth.

### Dr. Sangeeta Bhatia

Principal, KIIT World School, Delhi  
Mentor, Happy Hours School (Feeder School)

## STOP PRESS: CBSE Board Results 2022-2023

Our students have made us extremely proud in the recent Grade XII and Grade X CBSE examinations. The stupendous success of reaching more than 90 percent in aggregate was achieved by approximately one-fourth of students in both the Grade XII & Grade X CBSE examinations, rather than being limited to just a few.

Dr. Sangeeta Bhatia, our Principal, congratulated all students and wished them well for their future endeavours. She had a special word of appreciation for parents and the scholastic team who have walked every step of the way with the students.

### Grade XII Roll of Honour

Ujjwal Mittal | Deepanshu Singla | Vansh Jain  
Unnati Bansal | Navya Shah | Sukhraj Singh Nandhra  
Khushi Mittal | Ananya Jain | Lipika Nandwani

## Graduation Day: It's time for Grade VI

The fun of entering Grade VI and becoming a senior is super special when everything is new and yet, everything is wonderfully familiar. Students of Happy Hours School graduated from Grade V to enter KIIT World School after a heart-warming ceremony. The young graduates celebrated their special day with their families, before moving to the campus next door. Congratulations to all our graduates!

## WORLD CREATIVITY & INNOVATION DAY

### THIS IS POLAND LOGGING IN...

KIIT World School hosted students from across the world and India in a peer-to-peer interaction in celebration of World Creativity and Innovation Day on April 21, 2023. Students from **Władysław Grabski School of Economics, Tourism and Hotel, Poland**, **Hogok Middle School, South Korea**, **DPS Modern School, Qatar**, **The Emerald Heights International School, Madhya Pradesh**, **KIIT World School, Haryana**, **Sunbeam School Mughalsarai, Uttar Pradesh** and **Lalaji Memorial Omega International School, Tamil Nadu** gave glimpses of their culture and presented examples of creativity from their part of the world in a learning experience designed by students.

The United Nations has designated 21 April as World Creativity and Innovation Day to "raise the awareness of the role of creativity and innovation in all aspects of human development." Students differentiated between creativity and innovation, got to know each other in creative ways and explored creative solutions for the individual and the community. As students learnt from each other, **The Emerald Heights International School, Madhya Pradesh** and **DPS Modern School, Qatar** emerged as winners, winning First & Runners Up positions respectively.

### PARTICIPATING SCHOOLS

## EARTH DAY

### Taking inspiration from one man, 20 million trees

On the occasion of Earth Day, the school organised a week-long celebration. The highlight of the event was the presence of Mr. Prem Parivartan, also known as **Peepal Baba**, the renowned environmentalist. The visit was organised as part of our ongoing efforts to raise awareness about the importance of environmental conservation and sustainability. Peepal Baba emphasized the urgent need for each one of us to take responsibility for protecting the planet. He shared his personal experiences of working towards environmental conservation since his childhood and how planting trees can help mitigate the effects of climate change. Talking about his foundation, 'Give Me Trees', one of the largest community-based voluntary tree planting and conserving movements in India, Mr. Parivartan informed the audience that the organisation has planted more than 20 million trees over a span of forty years.

The week was packed with many student activities - starting with a rally in which students created awareness among the community about the importance of saving the environment. With placards carrying slogans like "Save Earth, Save Future," "Plant Trees, Save the Planet," and "Be the Change You Want to See in the World", our students committed themselves to environmental protection. Several other activities, including face-painting, craft-work and poster-making were conducted with the jute bag-making activity emphasizing the need to use eco-friendly products in everyday life.

The Earth Day rally took the message of sustainability to local communities.

## SPECIAL DAYS & ASSEMBLIES

On **World Heritage Day**, Grade X Confident Citizens curated an exhibition of models of the seven wonders of the world. At the assembly of the day they shared cultural snippets from around the world and interesting facts related to the seven wonders, preserving our past and celebrating our culture.

**Ambedkar Jayanti** falls on April 14, reminding us of the father of Indian Constitution, Dr. B. R. Ambedkar, who worked tirelessly for the upliftment of the downtrodden. Students of Grade VII Confident Citizens paid tribute to Dr. B. R. Ambedkar through a role play touching on the significant incidents of his life.

Students of Grade IX Caring Citizens presented a special assembly to commemorate World Health Day. **Dr. Aastha Verma**, alumnus, was invited on the occasion to address the children and apprise them about the significance of maintaining a healthy lifestyle. Students were made aware about various aspects of health that include physical, emotional, mental and spiritual well-being.

Students attended the **Global Millets Conference under the aegis of Ministry of Agriculture & Farmers Welfare** as India celebrates the 'International Year of Millets'. The first-ever Global Millets (Shree Anna) Conference was graced by Hon'ble Prime Minister of India, Shri Narendra Modi at Indian Agriculture Research Institute (IARI) Campus. The global event was an effort to sensitise school students to the value of millets and promote their consumption on a regular basis. An exhibition was also organised on the occasion to make the students aware about the nutritional value of millets.

The **Jallianwala Bagh Massacre** stands as a symbol of struggle and sacrifice that continues to instil patriotism in every Indian. Students of VII Confident presented a special assembly enacting the scene where Brigadier General Dyer assassinated thousands of people in Amritsar, leaving the audience deeply moved.

# STUDENTS@WORK

## CREATIVE CORNER

The artistry and creative expression of our students found their way into striking pencil sketches and pencil/charcoal shading. **Navya** and **Rishika** explored the beauty of monochromatic art, rich in captivating textures. Their sketch pads, as of the work of **Garvita**, come alive with the magic of colours too!

Join us in appreciating their meticulous attention to detail and breathtaking talent in this awe-inspiring selection of art.

## CREATIVE CORNER

### Chhavi Kapoor XI Curious Leaders

Wandering through the sands of my existence,  
you run deep down trembling upon the thoughts I care,  
the hourglass already with the hoard of secrets,  
wasn't meant to behold insecurities there.  
They dye me with the ink of self doubt, and  
say they're just joking,  
do I deserve to live freely,  
while they don't regret mocking.  
I try to throw out what I have been hiding, or  
strive opposing the talk,  
but where do I find mankind,  
not cold blooded or heart a rock?  
I stumble upon words I owe you,  
there are things chasing me I can't really share,  
simply not in the world we live,  
they think it's the key to amuse and just not to care.

### Vanshika Dhingra XII Connected Leaders

I talk to God but the sky is empty.  
I try to work my mind but relapse lately.  
I've burned kettles, I've thrown away a lot of tea.  
Maybe to see will and see heals, maybe to write what I feel.  
What you feel is not to be expressed,  
For what it might be sacred or to scare.  
I'll try again and will adapt surely.  
Even the innocent have sins for every tragedy.  
Hence Plath said "I talk to God but the sky is empty."

### CLUBS IN FOCUS

Our Eco Club Coordinators attended the launch of a plantation drive organised by the Department of Forest and Wildlife for the restoration of Yamuna flood plains at Garhi Mandu forest in Delhi. The occasion was graced by the presence of Honourable Shri Bhupendra Yadav, Minister of Labour and Employment, Environment, Forest and Climate Change and Shri Vinay Kumar Saxena, Lieutenant Governor, Delhi as Guest of Honour. Member of Parliament, Shri Manoj Tiwari, addressed the gathering, sharing the plan of transforming the Yamuna plains of Garhi Mandu forest.

### STUDENT CONTRIBUTIONS

To submit your short story, poems & limericks, sketches or paintings, a book review or just reflections reach out to Matrix Editors:

- Aaradhya Sharma, Grade XII Confident Leaders
- Gunjan Bansal, Grade XII Connected Leaders
- Vanshika Atri, Grade XII Connected Leaders

The decision of the Editorial Board to include student contributions will be final and in keeping with editorial guidelines. Entries are to reach us by July 3, 2023 for consideration in the next issue.

# BEST PRACTICE EDUCATION FAIR

## CAREER COUNSELLING BY INTERNATIONAL UNIVERSITIES

Representatives of international universities visited KIIT World School, Delhi to conduct a workshop and host an education fair for students of Grades XI and XII. The event provided an opportunity for students to gain valuable insights into higher education and career options abroad.

Spokespersons from **University of Mississippi**, **Hong Kong Baptist University**, **Drake University** and **SOAS University** supported by Gen Next informed students about admission processes, eligibility criteria and scholarships offered by their universities.

Students had the chance to interact with the university representatives, ask questions, and explore various academic programmes. Students and their parents received expert guidance on academic choices and also learnt about the culture and campus life of the universities, gaining rich glimpses of what to expect in terms of academic rigour, social life and campus facilities.

**WE WELCOME  
UNIVERSITY  
REPRESENTATIVES  
TO THE CAMPUS!**

# GLIMPSES

## WE HONOUR SACHIN TENDULKAR ON HIS 50TH BIRTHDAY

The school celebrated the birthday of the master blaster, Sachin Tendulkar, in true cricketing style amidst fanfare. A cricket match was organised between student teams KIIT Warriors and KIIT Knight Riders to commemorate the 50th birthday of the God of Cricket - with Happy Hours' bringing in cheerleaders from Grade II, complete with pompoms. After a nail-biting match won by KIIT Knight Riders, it was time for a friendly match between teachers and our Principal. The entire ground reverberated with the chants of 'Sachin' as a cake was cut, and with this display of sportsmanship we paid tribute to the one and only Sachin Tendulkar.

**Dishen Bajaj, Aarav Gulati and Soham Malhotra** of Grade VIII got an exciting opportunity to be nominated as **Ball boys with Delhi Capital Team** for the ongoing IPL through Team GoSharpener. They interacted with RJ Piyush at Fever FM studio.

# GLIMPSES

## ALL ABOUT VEDIC MATHS

A workshop "Sharpen your Brain with Vedic Maths" for Grades IX and X was conducted at the school. **Ancient Vedic Math** can help students in boosting calculation speed and accuracy. In partnership with Pratham, students learnt about calculating the square of magic numbers amongst other concepts.

## WORKSHOPS

### National Progressive Schools Conference

The school leadership and management team attended the National Progressive Schools Conference Golden Jubilee celebrations held at Manekshaw Centre, Delhi for insightful views on "Designing Human Centric Education for a Sustainable World".

The inaugural session and keynote address was by Shri B.V.R. Subrahmanyam, CEO, Niti Aayog. Eminent panelists spoke of policy measures in the context of **sustainability in education**, the fundamentals of true enlightenment, life for the environment focused on mindful and deliberate utilisation of resources.

### Competency Building Programme on Art Integration

A CBSE Capacity Building Programme on Art Integration was hosted on April 17, 2023 at KIIT World School led by distinguished resource persons, Ms. Archana Narain, Principal, The Indian Heights School, Dwarka and Dr. Naveen Gupta, ICT Head, St. Mark's School, Meera Bagh. The session aimed to enhance the creative teaching skills of educators, while promoting artistic expression as a means of enhancing learning outcomes. The programme was initiated to help teachers become more proficient in integrating art into various subject areas, including math, science, social studies and language to develop innovative and engaging teaching approaches for students.

### Teach the Teacher Bloom's Taxonomy

The finer nuances of Bloom's Taxonomy and Structure of Learning Outcomes to improve quality of assignments was the theme of an interactive session for teachers. The session proved to be quite insightful where all the teachers deliberated upon differences between evaluation and assessment, education and learning, and various approaches to learning including Brain Science.

# GLIMPSES

## BAISAKHI BRINGS FESTIVE CHEER

We celebrated the heritage of Punjab on Baisakhi with traditional customs, music and costumes. The event was graced by the presence of eminent members of the local community: **Mr. Ram Manohar Mishra** from Crime Branch, Delhi, **Mr. Jai Kishan Goyal**, Member of Delhi Pradesh BJP & Chairman of Agrawal Mahasabha, and **Mr. Puneet Bahri**, President, RWA, Kohat Enclave. Our distinguished alumnus, **Dr. Himanshu Ramna**, MBBS joined in the festivities. All praised the school's efforts in preserving and promoting the cultural diversity of India and shared warm greetings for Baisakhi.

A series of cultural performances showcased the rich culture of Punjab. Students, parents and teachers also participated in games like 'gitte', 'stapu' and 'skipping' bringing alive the vibrant, energetic spirit of Baisakhi in a fun-filled day.

We celebrated Baisakhi with fun, festivity and flair.

# PARENT-SCHOOL PARTNERSHIP

A cornerstone of our philosophy is a powerful parent-school partnership. Our Principal, Dr. Sangeeta Bhatia, leads the way in proposing innovative practices and mechanisms for effective dialogue between parents and the school.

## Parent-school engagement: Creating a connected world for students

**S**tudent success and student wellness draw on the environment at school and, equally at home. Independently, each ecosystem must be supportive; together they must be a connected world. When schools and parents make time for an ongoing dialogue, they improve learning, motivate children and enhance their self-esteem. Each time parents visit their child's school, they further inculcate respect and love for learning in the student.

Innovation in education is imperative as we nurture young minds with the technological, creative and life skills of the 21st century, and it must include how we engage parents with academia. Today, a culture of active family engagement with schools is emerging and it is time to embrace new practices and beliefs about how we can join hands. As a parent recently expressed, "Together we will make our children good humans and professionals." At KIIT World School in Delhi, that is an ongoing endeavour for students to thrive.

### Beyond parent, teacher meetings

A) There are many avenues for parents to be a part of activities, workshops and celebrations at school. Orientation sessions for parents set up lines of communication and introduce teachers. The digital mindset allows for virtual meetings and convenient catch-ups. Our Ashirwad Samroh - to bless students as they begin exams - is a tradition that parents really

appreciate. Students draw on the collective wisdom of their family and school at annual Interaction Sessions. Each occasion and festival reaffirms the mutual commitment of the school and the parent to an open and constructive dialogue and brings us closer.

### Parental role in academics

B) The parent and teacher must share insights rooted in trust and honesty to power student performance. A Subject Enrichment Activities calendar is an effective resource for parents in the smooth functioning of classes. Holiday

homework, assignments & art integration projects are exhibited for parents to laud the efforts of students. Assessments are another area where parents' cooperation is sought and after every periodic exam, we discuss strategies for the child's improved academic performance. Finally, parents identify projects and areas in which they can contribute by sharing their knowledge and expertise.

### Win-win conversations and feedback

C) In a comprehensive school climate survey, parents join teachers to make observations and voice suggestions. Each comment is acknowledged and worked upon, closing the communication loop. During a safety audit, parents even go on a school inspection and give feedback. Parents are also members of committees such as Health & Wellness, Examination, Career Guidance, and POCSSO to name a few. When parents are real partners in education, often they are the ones who drive change and excellence in education.

Constructive collaboration between parents and teachers is the wind beneath the wings of students. Together, we ensure students emerge as torchbearers of human values and capable change-makers, competent to shape their own destinies. It's a matter of pride that we, the school and the parent, are aligning to help our children realise their dreams.

SANGEETA BHATIA, Principal, KIIT World School, Northwest Delhi

### Parent Visiting Hours

Parents are welcome to visit the school to meet us.

**Teachers:** Weekdays, 2 pm to 3 pm

**Principal:** By prior appointment

### DROP IN YOUR SUGGESTIONS

To give us a suggestion right away, click here

OR

Log on to <http://www.kiitworld.in/> and go to the Contact Us section to use the virtual Suggestion Form.

### Keep Reading!

The KIIT World School Library is open for parents from **Monday to Friday between 2.00 pm and 3.00 pm** and on **every second Saturday till 1.00 pm**. Libraries give wings to imagination and creative energy. We encourage students and parents to discover the literary treasures among the collection of over 15,000 books.

### Admissions 2023-2024

Admissions are in full swing at KIIT World School for Grades VI to XI and at Happy Hours School up to Grade V. For more information, meet the Admissions team during working hours or call +91 729006404/ +91 729006406

The Times of India | March 16, 2023

## ORIENTATION DAY: WELCOME, NEW STUDENTS AND PARENTS

The school welcomed new students and their parents in a spectacular ceremony held on March 25, 2023. Dr. Sangeeta Bhatia, Principal, KIIT World School and Mentor, Happy Hours School apprised parents about the vision, values and work ethic of the school.

From the fast-changing Indian education landscape and the role of the **National Education Policy 2020** in bringing about a paradigm shift in education, to the importance of effective communication between parents and the school fraternity, the audience had an opportunity to engage and share opinions with with **Dr. Bhatia**, teachers and school leadership.

Enthralling cultural performances captivated the audience, before students and their parents toured the school and created joyful memories of the start of a new school journey.

Hindustan Times | March 29, 2023

## KIIT World School, Pitampura, announces launch of Satya Kamrah Memorial Scholarship Programme

KIIT World School, Pitampura, announced the launch of Satya Kamrah Memorial Scholarship Programme while commemorating the birth anniversary of its founder principal Satya Kamrah. Under the programme, 15 students will be granted the scholarship for the year 2023-24.

The KIIT World scholar will epitomize the school's vision of a confident and connected young person with all the attributes for leadership in her/his chosen field.

The scholarship will be awarded on merit-cum-means basis, covering the scholar's academic and co-scholastic excellence. An important consideration will be the student's ability to demonstrate an attitude that reflects the KIIT way of life.

KIIT encourages students to develop values enshrined in its philosophy, including a profound curiosity and deep engagement with the global society by connecting the students to global and local communities.

The students of KIIT World School and its feeder school, Happy Hours School, are eligible to participate in the programme - including the students who have taken admission in the academic year 2023-2024. The students will require a minimum grade to nominate themselves. Short-listed students will then be invited for a personal interaction before receiving a grant in the form of tuition fee waivers. The students may contact the Scholarship Help Desk on +91 7290063404.

## UNVEILING THE SATYA KAMRAH MEMORIAL SCHOLARSHIP

The Satya Kamrah Memorial Scholarship announced on March 24, 2023, commemorates the birth anniversary of the school's Founder Principal, Ms. Satya Kamrah. Under the Scholarship policy, fifteen students will be granted the coveted Satya Kamrah Memorial Scholarship for the year 2023-2024. The scholarships will be awarded on Merit-cum-Means basis covering the Scholar's academic and co-scholastic excellence. An important consideration will be the student's ability to demonstrate an attitude that reflects the KIIT way of life.

The students of KIIT World School and its feeder school, Happy Hours School are eligible to participate in the programme, including students having taken admission in the academic year 2023-2024. Students will require a minimum grade to nominate themselves. Shortlisted students will then be invited for a personal interaction. Students may contact the Scholarship Help Desk on +91 7290063404 for details.

KIIT World School, Delhi, conducts grand welcome ceremony for new students and their parents with great enthusiasm

The principal highlighted the accomplishments of the students in academics & co-scholastic domains

KIIT World School, Delhi, welcomed the new students and their parents with open arms at a spectacular ceremony. School principal Sangeta Bhatia, who is also the mentor of Happy Hours School, apprised the parents about the vision, values and work ethics of the school. The event was graced by well-established alumni Shantanu Nigam. Addressing the audience, Bhatia highlighted the accomplishments of students in academics and co-scholastic domains. She reiterated the importance of effective communication between the parent community and school for ensuring the holistic development of the students and a glorious future. The mention derived upon the relevance of transformation in education and the role of National Education Policy 2020 in bringing about a paradigm shift in this field. Entertaining cultural performances by the students captivated the audience. The school organised an interactive session for the parents wherein their queries were addressed by the mentors. The event concluded with a mesmerising glider performance by the students expressing their joy and gratitude.

**SCHOOL REPORTS**

KIIT World School, Delhi, celebrates Earth Week with great enthusiasm

KIIT World School, Delhi, celebrated Earth Week on the occasion of Earth Day with great enthusiasm. On the Day of the week-long celebration, students showcased their commitment towards environmental conservation. Pratik Parivasi, also known as Preeti Bhatia, visited the school to highlight the effects of climate change. Talking about the need to take small steps such as using less water, recycling, waste, and conserving energy towards making a big difference, Parivasi also stressed the importance of planting more trees, adopting them and caring for them. His visit was a significant step towards promoting environmental awareness and sustainability among the young people. It demonstrated the power of individual and community-led initiatives in addressing environmental issues, and how planting trees can be a simple yet effective step towards a better future.
