

Today we are passing through the most fascinating phase in the field of education, with a lot of transformation taking place in the way knowledge is disseminated to the learners. At KIIT World School, they understand that teaching-learning process is as dynamic as the multiple learning styles of different learners.

The school works collectively as a community of committed educators, striving hard to bring about a holistic change in the lives of their students. Their inherent philosophy that each and every child is a promise and possibility motivates them to provide newer avenues to students, so that they soar higher towards the limitless expanse of opportunities the world has to offer.

KIIT World School works with a vision of creating a fraternity of educated individuals who will be the informed global leaders of future. They envisage students to be confident forerunners who have the motivation and the passion to strike a new trail, redefine notions of success and help transform the society for better. It is their steadfast resolve to provide students a platform wherein they imbibe the spirit

Creating Thinking Minds

KIIT setting the trail

of lifelong learning in a thriving environment.

The school is affiliated to the Central Board of Secondary Education (CBSE) and takes pride in its excellent academic results year after year. The dedi-

cated faculty ensures that teaching methodology is redefined continuously to cater to the needs of all the learners. It is a well-known fact that learning is not confined to the classroom anymore and it definitely cannot

happen in isolation. They create flexible learning spaces for students for their all-round development. A lot of emphasis is laid on integrating critical thinking strategies in teaching and designing effective lessons plans for optimum learning outcomes.
