

THE COLOURS OF INDIA UNFOLD ACROSS OUR CAMPUS.

From the Principal's Desk: The real meaning of freedom

Freedom is more than the day that we gained independence. It is a continuous endeavour of every Indian to fulfil India's **aspirations through action** in our everyday lives.

Seventy six years ago freedom empowered us to build India's future on the foundations of a rich civilization. As we host the G20 Summit in India, as India powers a trajectory of economic growth, as Chandrayaan takes to the skies and reaches the moon, we have made great strides towards fulfilling the new dreams of an ancient country, standing out as a nation that has much to offer the world drawing on millennia of civilisation.

This Independence Day, let us continue to build on our achievements and seek to take India ahead through four powerful values.

The real meaning of freedom lies in:

- Freedom from mediocrity: Towards **excellence**
- Freedom from bias: Towards **equity and equality**
- Freedom from bigotry: Towards **societal evolution**
- Freedom from ignorance: Towards **enlightenment**

If every Indian aspires to these, Rabindranath Tagore's words will indeed come true:

*Where tireless striving stretches its arms towards perfection;
Where the clear stream of reason has not lost its way into the dreary desert sand of dead habit;*

Where the mind is led forward by Thee into ever-widening thought and action;

Into that heaven of freedom, my Father, let my country awake.

Each Independence Day is a call to take India ahead to the promise that it holds.

Jai Hind.

OUR WORLD

INDEPENDENCE DAY 2023

A Celebration of Patriotism

Our **Independence Day** celebrations commenced with the traditional lamp-lighting ceremony and the donning of tricolour scarves by all dignitaries. Then came the flag hoisting and a breathtaking display of dance, music, and drama that showcased **freedom from mediocrity, bigotry, gender bias and ignorance**. Vibrant performances including traditional folk dances and patriotic songs showcased our rich culture. Under **KIIT Project Smile**, which aims to bring smiles to all by touching the lives of families, neighbourhood and society, we welcomed students from Upasana Special School in an atmosphere of inclusivity and unity.

The programme was graced by esteemed Chief Guests, **Shrimati Shikha Bhardwaj**, Municipal Councillor of Ward No. 58, Saraswati Vihar, and **Shri Suresh Kaushik**, Assistant Commissioner of Police (ACP), Narela, whose achievements in public service were an inspiration to all. We welcomed **Shri Kamal Sagar**, Chairman, Aapbeeti News and **Shri Ravindra Kushwaha**, Chief Editor, Aapbeeti News to the event. **Shrimati Shilpa Arora**, Principal, Upasana Special School and many alumni joined us.

Shrimati Shikha Bhardwaj, in her address to the audience, emphasised the crucial role that parents play in helping children understand the sacrifices of the great leaders who fought for India's freedom. Her words resonated deeply with the audience, reminding everyone of the **responsibility to educate the younger generation about our history and values**. Shri Suresh Kaushik shared a powerful **message of unity**, emphasizing that the spirit of independence should translate into unity and respect for all citizens. He stressed the importance of working collectively towards a better future and preserving the hard-won freedom of the nation.

Dr. Sangeeta Bhatia unfurls the Indian tri-colour among an august gathering.

STUDENTS@WORK

SPECIAL DAYS & ASSEMBLIES

Nagasaki Day is a grim reminder of the destructive power of nuclear weapons. Grade X Confident Citizens presented a special assembly on the horrific bombing of Hiroshima and Nagasaki that claimed thousands of human lives in World War II. Nagasaki Day is observed across the world so that humanity does not forget the tragic consequences of war and works towards the cause of world peace and harmony.

Students of Grade VIII Curious Citizens conducted a special assembly commemorating **World Humanitarian Day** and celebrating the birthday of the illustrious Indian author, Sudha Murty that, coincidentally, fall on the same day. The assembly served as a platform to inspire and enlighten the school community about the power to bring about positive change.

Digital literacy and awareness is one of the most important skills of the 21st century. Senior students took on the responsibility to build understanding of the world of e-commerce through a special assembly that delved into the responsible practice of e-commerce. Their engaging presentation educated and informed the student body about the advantages and disadvantages of e-commerce in today's fast-paced digital age.

Friendship is a bond that transcends age, culture, and boundaries. Recognizing the significance of fostering strong friendships and social ties, the school celebrated **Friendship Day** with camaraderie, enthusiastically making friendship bands and cards.

We remembered **Dr. Avul Pakir Jainulabdeen Abdul Kalam**, the nation's 11th President on his eighth death anniversary. Students of Grade XII Connected Leaders paid tribute to the missile man of India as we honoured the visionary leader. A statesman & a scientist, Dr. Kalam's life and principles continue to be a source of inspiration for every Indian.

On the **birthday of PV Sindhu**, the celebrated badminton player and Olympian, students celebrated the achievements of the sports icon. She stands out as one of India's most successful sportspersons, bringing laurels to the nation, and symbolising the highest standards of dedication to her game.

On **World Photography Day**, we learnt fascinating facts about the camera and the history of photography. The camera enabled a revolution that not only gave us the ability to make personal memories, it documented world history, ensuring that the story of humanity is preserved and available to new generations. A radio talk show of three photographers, Ms Sipra Das, Mr Arun Saha and Mr Sasi Kumar Ramachandran, was shared with the audience.

Our chess enthusiasts came together for a mind war on **World Chess Day**. The centrepiece of the celebration was a chess tournament that saw participation from students of all ages. The tournament was organised in different categories to accommodate players of varying skill levels, allowing both beginners and seasoned chess enthusiasts to compete.

Sustainability, solar energy, affordable and clean energy were brought to the fore in an assembly on the theme "Sustainable practices in Science". Students of grade IX Connected Citizens presented a short skit, and showcased the sustainable practices adopted by the school. An unusual jingle on solar energy ensured that their message stayed in our minds, well after assemble ended.

STUDENTS@WORK

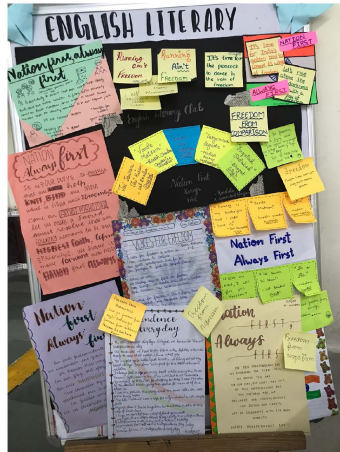

CLUBS & COMMITTEES

Independence Day inspired many unusual and thought-provoking activities by our diverse Clubs.

Literary Club students conducted a rally along with NCC cadets to drive home the values of unity and harmony, carrying the message of freedom from mediocrity to our community.

Literary Club students wrote essays on the theme 'Nation first, always first' to capture the powerful sentiment of patriotism. It emphasizes the idea that a nation's welfare should always be prioritised, and its citizens should be committed to its growth, development, and well-being.

The **SEC Club** too focused on tasty, nutritious dishes, organising Nutri Cafe in the school.

The **Culinary Club** prepared tri-coloured dishes like sandwiches, pulao and many more.

The **Dance and Music Club** showcased their talent by singing and dancing to the tunes of patriotic songs, and were accompanied by **Bagpiper Club** members.

Colourful posters on patriotic themes and tri-colour badges were created by the **Art and Craft Club**.

KALEIDOSCOPE

LOVING MYSELF?

Tushika Chhabra
XI Curious Leaders

*A girl always zoned out
She listens to everyone
But there's no one to ask her about...
Why is she jovial,
If everyone thinks she is trivial..
She wants someone to praise her, except the
ones who raised her...
She forgot she had a life while scrolling through
her thoughts...
Tears rolling down her eyes,
Thinking she should love herself..*

SOMEWHERE ONLY WE KNOW

Chhavi Kapoor
XI Curious Leaders

*Wandering thru' the sands of my existence,
you run deep down trembling upon the thoughts I care,
the hourglass already with the hoard of secrets,
wasn't meant to behold insecurities there.
They dye me with the ink of self doubt,
and say they're just joking,
do I deserve to live freely,
while they don't regret mocking.
I try to throw out what I have been hiding,
or strive opposing the talk,
but where do i find mankind,
not cold blooded or heart a rock?
I stumble upon words I owe you,
there are things chasing me i can't really share,
simply not in the world we live,
they think it's the key to amuse and just not to care.*

ARTIST IN FOCUS

Navya Bhutani of Grade XI Connected Leaders is our artist of the month.

We found her in a festive mood as Janmashtami and Ganesh Chaturthi were around the corner, and took a walk through her deity gallery.

Student Contributions: To submit poems, short stories, artwork or reflections reach out to Matrix editors.

AWARDS AND ACCOLADES

As we settled down one morning to listen to Prime Minister Modi's special address **Pariksha pe Charcha**, we had much to gain from his wise words. Imagine our surprise though, when the session did not end there.

We were honoured to receive a very special recognition for participating in 'Pariksha pe Charcha' from the **Honourable Prime Minister Shri Narendra Modi**.

You inspire us, Shri Modi ji, to contribute to the narrative of India.

THE RESULTS ARE IN!

We congratulate all students who represented us at Zonal and Inter-School events!

GLIMPSES FESTIVALS, WORKSHOPS, EVENTS

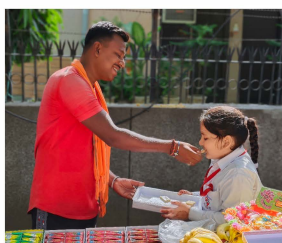

Raksha Bandhan: A Special Bond

Rakshabandhan was celebrated with the President at the Rashtrapati Bhavan - *and* with healthcare workers, policemen, mentors and support staff.

On Rakshabandhan, five of our students had the privilege of visiting Rashtrapati Bhavan. The students, accompanied by the Administrative Head, Ms. Manreet Kaur, were warmly welcomed at Rashtrapati Bhavan. The premises were beautifully decorated to mark the festive occasion.

The highlight of the visit was an inspiring address by the **Honourable President of India, Shrimati Draupadi Murmu**. She spoke about the significance of Rakshabandhan and its relevance in the context of our diverse and culturally rich nation. Her words resonated deeply with the students, and they understood the true spirit of Rakshabandhan.

Back at school, students celebrated the bond of love and care by tying a symbolic rakhi to the Principal, teachers and support staff. Spreading the message of #kiitprojectsmile and bringing joy to every stakeholder, students visited the police station, hospital and local markets, and tied the symbolic thread on our real-life protectors and service providers including van drivers. The rakhi bound the community in stronger relationships and the humble threads acquired new meaning.

Health and Wellness Talk

Dr. Aneesh Bhargava, a **renowned nutritionist and wellness expert** educated students about the significance of a nutritious and well-balanced diet, with a particular focus on protein intake. He explained the various components of a balanced diet, including carbohydrates, proteins, fats, vitamins, and minerals, and highlighted how each of these elements contributes to the body's growth, energy and functionality. He also underscored the importance of regular exercise for overall well-being.

Entrepreneurship: Innovation & Value Creation

The dynamic world of business and widespread interest in entrepreneurship are a mark of the new generation. **Mr. Ansh Bajaj, an eminent alumnus**, was invited to give a talk on entrepreneurship and its challenges and opportunities. The speaker shared valuable insights into the strategies and approaches that budding entrepreneurs can adopt to navigate the complexities of the business world. Students learnt of the significance of market research, innovation and a customer-centric approach as they explored entrepreneurial careers.

Spic Macay on Campus

Mr. Rajiv Giri, National Coordinator of SPIC MACAY (Society for the Promotion of Indian Classical Music and Culture Amongst Youth) and **Mr. Prateek Bahl**, were on campus to conduct an orientation programme. The programme was a cultural extravaganza that was designed to help young people appreciate and preserve India's rich civilisation, customs and traditions.

GLIMPSES

FESTIVALS, WORKSHOPS, EVENTS

Capacity Building Programme (CBP) on Chemistry

A CBP was organised under the aegis of the CBSE, Centre of Excellence at the school. The resource persons were Dr Vaishali Mishra, Head of Department, Science, ITL Public School and Ms Garima Bhutani, Head of Department, Science, KIIT World School. The two-day workshop was designed to train teachers from different schools to teach Chemistry through interesting and engaging experiments, innovative activities and hands-on learning. The workshop emphasized interactive learning methodologies to pique student curiosity and foster active engagement in the classroom.

NEP: Shaping the future of education in India

On the 3rd anniversary of the National Education Policy (NEP) 2020, 26 dedicated educators had the privilege of attending a grand event held at Pragati Maidan. The event featured an enlightening address by the **Honourable Prime Minister, Shri Narendra Modi**, who shared his vision of education with a distinguished gathering of educationists and focussed on the transformational potential of the NEP in shaping the future of education in India.

CAREER COUNSELLING ON FASHION INDUSTRY

A workshop on "Fashion Branding" in collaboration with Pearl Academy was held by **Prof. Avik Roy** who possesses a wealth of experience and expertise in the fashion domain. He underscored the significance of personal branding in the fiercely competitive world of fashion. He highlighted how professionals in this industry need to establish a distinct identity that sets them apart. Attendees were encouraged to identify their unique strengths, values, and style to craft a compelling personal brand.

95th Foundation Cum Technology Day of NCAR

Our students had an educational excursion to the Indian Council of Agricultural Research (ICAR), Pusa Road. This insightful visit was organised by the National Council of Agriculture and Research (NCAR) to commemorate the 95th Foundation Cum Technology Day of NCAR, and for students to explore the world of agriculture that holds immense importance in India's development.

Parents on Campus

In a sweet and scrumptious celebration of World Chocolate Day, our students took part in a delightful event filled with culinary creativity. The occasion witnessed students decorating muffins, donuts, and cupcakes with an array of colourful sprinkles and other edible decorative materials, providing them with an opportunity to showcase their artistic talents.

Under the guidance of **Ms. Anisha Soni**, parent of Harshita Soni from class XII, students had the chance to participate in a no-fire baking workshop. The workshop focused on the creation of delectable chocolate truffles, a true treat for all chocolate enthusiasts. Ms. Soni, with her expertise and passion for baking, led the workshop, imparting her knowledge and skills to eager learners. Alumna, **Ruchi**, who runs her own bakery joined in the action. Her professional experience in the culinary industry provided valuable insights into the world of baking to our young chefs through the perfect blend of fun and learning,

Parent Visiting Hours

Parents are welcome to visit the school

With Teachers:

Weekdays, from 2 pm to 3 pm

Library Timings for Parents

Libraries give wings to imagination and creative energy. We encourage students and parents to discover the literary treasures among the collection of over 15,000 books.

Monday to Friday: 2.00 pm - 3.00 pm

On every second Saturday: till 1.00 pm.

ALUMNI STORIES

With over 5000 alumni in all parts of India and across the world, it is rare to visit a city and not discover a KIITian. Vrinda Sachdeva who plans to pursue law in the United States, is completing her undergraduate studies, studying Political Science. This is what she had to say about her years at KIIT World School.

About Vrinda

Vrinda Sachdeva studied Humanities as her stream of choice. She aspires to be a lawyer and has opted to join City University of NY. Her strongest asset? She fights problems and does not run away from them, she says. And yes, she loves Manhattan's West Side, where her campus is located.

• Tell us about your undergraduate programme and what you are studying now?

I am currently a student at City University of New York at the John Jay College of Criminal Justice, (pursuing a) Programme in Government and Political Science

• How has your academic journey been so far and what are your future goals?

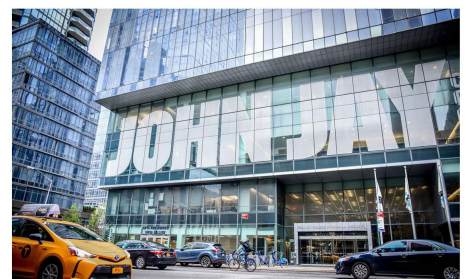

My journey has been absolutely amazing. Coming from a different country, my higher education story is unlike (that of) many students in my college today. After all the hard work I have done in the last two years - including cracking Ivy leagues too and having them as an option was one of the best highlights for me. I was able to know my worth. My future goal is to complete my Programme with all my will and bag the position of 'Undergrad Scholar'.

I (then) wish to complete my undergraduate program with a good GPA and go to one of the top schools for Law.

• What has been your greatest takeaway from KIIT World School?

As a KIITIAN, "I am a promise, I am a possibility" is my all time favourite mantra. I still remember my first day at school when I wasn't ready to leave my father's finger but gradually I found my family at school. On the last day I wasn't ready to step out of school. It's not just fun and memories. Everyday I realise the value of discipline and ethics (that) this school has embedded in me.

Glimpses of New York with Vrinda Sachdeva, Class of 2022.

ALUMNI ASSOCIATION KIIT WORLD SCHOOL

Inviting KIIT World/ NSA Alumni to join the Alumni Association and engage regularly with their alma mater. In case you are already a member, please stay alert for the next Alumni get-together and Association meetings. To complete the alumni association form visit www.kitworld.in or click here

HEADLINES

North India School Educators Summit & Merit Awards: Accolades for KIIT World School.

- KIIT World School has been ranked **No.1 for Most Effective Blended Learning Model** in Delhi, in the CBSE Category by Education Today jury members. We are deeply honoured. The award for the Most Effective Blended Learning Model Award serves as a testament to the school's innovative approach to education, blending traditional methods with modern technology to create a dynamic and engaging learning environment.
- Principal Dr. Sangeeta Bhatia has been recognised as one of the **50 Most Effective Principals** for the year. Indeed, we believe no one deserves the award as much as our tireless Principal whose dedication to the institution's growth and students' holistic development knows no bounds.

The awards were presented during the prestigious **Education Today** awards ceremony, and recognised our dedication to providing top-tier education under the visionary guidance of Dr. Bhatia.

"The biggest problem we face as school leaders is that parents don't play any more with children. They don't go to parks in the evening, they don't play with toys. Gaming has moved to gaming on mobile phones, tablets, digital gaming... where no digital platform can take a school's place is No. 1 in core values. And second is to be able to innovate and arouse curiosity in a child."

~Dr. Sangeeta Bhatia

Dr. Bhatia addressed an eminent audience of educators and experts on the significance of parental involvement in K-12 education and how to foster strong partnerships between parents and schools. Alerting parents to the risks of over-parenting, she suggested that children are just like seeds. They need air, water and sunlight but in the right proportions if they are to grow and thrive.

HEADLINES

ET Leadership Excellence Award 2023

The Times Group conferred the ET Leadership Excellence Award 2023 on Dr. Sangeeta Bhatia, Principal, KIIT World School for **Excellence in Innovative School Practices** at a glittering ceremony held at The Grand, Delhi graced by actor Rakulpreet Singh and many other celebrities.

Dr Sangeeta Bhatia and Dr Harsh Vardhan Kamrah - the epitome of the impeccable standards of governance and leadership at KIIT World School - accepted the award and reiterated their commitment to building on the legacy of the school.

KIIT takes the lead on teacher development for NEP 2020

Team KIIT has undertaken Action Research to prepare teachers for their growing responsibilities under NEP 2020. Research on Darwinian rules for school teachers showcased an agile approach to teacher talent development and underscored KIIT World School's commitment to being agents of change in the evolving education landscape. As school leaders presented findings, their initiative was lauded by a distinguished audience.
